

QSFP school 2021

Monday, 6 September 2021

Hogan: Atom interferometry and gravitational wave detection (15:00 - 16:00)

Wednesday, 8 September 2021

Hogan: Atom interferometry and gravitational wave detection (15:05 - 16:05)

Friday, 10 September 2021

Hogan: Atom interferometry and gravitational wave detection (15:00 - 16:00)

Friday, 17 September 2021

Hogan: Atom interferometry and gravitational wave detection (16:15 - 17:15)
