Hilbert series techniques in quantum field theory

Thursday, 16 December 2021 18:00 (30 minutes)

I will say some general things about the Hilbert series associated to the moduli space of a supersymmetric QFT. I will then discuss the physical information one can extract from the Hilbert series.

Could you please give the most relevant category for your talk?

SUSY

Will you be pre-recording your talk?

No

Would you be interested in receiving feedback on your presentation?

Yes

Are you happy for your talk to be recorded?

Yes
