

# (Re)interpretation of the LHC results for new physics

## Wednesday, 30 August 2023

**Storage and (re)usage of theoretical predictions, including event samples - PH8 (James Duff Lecture Theatre) (10:00 - 12:30)**

-Conveners: Jonathan Butterworth

time	[id] title	presenter
10:00	[17] Pipeline: Industrialization of High-Energy Theory Predictions	BARONTINI, Andrea
10:30	[14] Deconstructing signals of new physics at collider	PANIZZI, Luca
11:00	Caffeine break	
11:30	[31] LHC data for PDF determination: challenges and prospects	NOCERA, Emanuele Roberto
12:00	[38] Bidirectional linking in HEPData	BYERS, Jordan
12:10	[29] Discussion	BUCKLEY, Andy GUTSCHOW, Christian BUTTERWORTH, Jonathan
