ATLAS Analysis Tutorial
21st-22nd February, NESC, Edinburgh

- Topics to include

    ‣ Physics analysis platforms: Athena/ARA

    ‣ Derived physics data

    ‣ Using TAG and AMI

    ‣ Analysis on the Grid

    ‣ How to contribute to ATLAS analysis on "Day 1"

- Places limited; priority to those who have not attended before (and first come, first served)
