

# New Horizons in Primordial Black Hole physics (NEHOP) -- '24

## Monday, 17 June 2024

### Session 3 (14:00 - 15:30)

-Conveners: Chair: João Rosa

| time  | [id] title  | presenter            |
|-------|---|----------------------|
| 14:00 | [58] Black Holes in the Early Universe  | HOOPER, Dan          |
| 14:30 | [50] Black Holes as New Dark Matter Factories   | TAKHISTOV, Volodymyr |
| 15:00 | [29] Gravitational Leptogenesis and Primordial Gravitational Waves during PBH-induced Reheating | DAS, Suruj Jyoti     |
| 15:20 | [31] How Primordial Black Holes constrain leptogenesis  | GUNN, Jacob          |
