

New Horizons in Primordial Black Hole physics (NEHOP) -- '24

Wednesday, 19 June 2024

Session 12 (15:10 - 16:25)

-Conveners: Chair: Lucien Heurtier

time	[id] title	presenter
15:10	[51] Characterising spacetime during cosmological collapse	MUNOZ, Robyn
15:30	[28] Memory burden effect in solitons: consequences for primordial black holes	ZANTEDESCHI, Michael
15:50	[26] Scalar-Induced Gravitational Waves and its impact in understanding cosmology	Ms KUGARAJH, Anjali Abirami
16:00	[79] Dinner Details	TURNER, Jessica
