# Closing remarks

- Thanks again for the IPPP for hosting us, and to the wider theory community for engaging with this workshop and providing such great talks.
- Thanks to the session chairs and speakers for their time preparing the sessions and such excellent talks.
- Thanks to the accelerator and detector/instrumentation/software experts for their engagement.
- Thanks to all of you for your attendance (either virtually or in-person) and the great discussion.
- Please save the date for the drafting days (4<sup>th</sup> November and 9<sup>th</sup> January)- more details will be circulated soon.
  - ECRs- please do attend (and tell others). Please let us know if there's more we can do to facilitate/support more ECR involvement.
- Please add details/ideas for new/outstanding studies to the google doc made for the workshop: <https://docs.google.com/document/d/11lerD6pcn1xrQxkt24uA0O9g0VwsRn5-IYJLhfK mz6M/edit#heading=h.7n0ynb3r6o7c> – we hope this will be a reference for those wanting to get involved.

# Safe travels home...

Whichever direction you travel- it will hopefully be less rainy than here?!
