

**Session Program**

**21-25 Jul 2025**

**PASCOS 2025**

***Experimental Particle and Astrophysics***

Durham

Friday 25 July

14:00

Experimental Particle and Astrophysics

Session | Location: CLC 013

14:00–14:20

Dynamical Dark Energy in light of the DESI DR2 Baryonic Acoustic Oscillations Measurements

Speaker

Gongbo Zhao

14:20–14:40

Recent results from CUORE and path towards CUPID

Speaker

Hawraa Khalife

14:40–15:00

New Physics searches at the NA62 experiment

Speaker

Artur Shaikhiev

15:00–15:20

Probing Spin-2 Ultralight Dark Matter with PTA and Gravitational Wave Detectors

Speaker

Yun-Long Zhang

15:20–15:40

--

15:40–16:00

--

16:00
