

Session Program

1-5 Sept 2025

NNLOJET meeting 2025

Talks

Collingwood College
Durham DH1 3LT, United Kingdom

Monday 1 September

09:15

Talks

Session | **Location:** Collingwood College, Durham DH1 3LT, United Kingdom09:15–09:45 **TBD****Speaker**

Weijie Feng

10:15

09:45–10:15 **TBD****Speaker**

Florian Lorkosky

10:45

Talks

Session | **Location:** Collingwood College, Durham DH1 3LT, United Kingdom

10:45–11:15

Fully differential cross section of Higgs boson pair production via the gluon-fusion at N³LO**Speaker**

Yuesheng Dai

11:45

11:15–11:45 **TBD****Speaker**

Simone Caletti

Tuesday 2 September

09:00

Talks

Session | **Location:** Collingwood College, Durham DH1 3LT, United Kingdom

09:00–09:30

TBD**Speaker**

Gaia Fontana

10:00

09:30–10:00

TBD**Speaker**

Elliot Fox

10:30

Talks

Session | **Location:** Collingwood College, Durham DH1 3LT, United Kingdom

10:30–11:00

Double-real and real-virtual matrix elements in 4-jet production from electron-positron annihilation**Speaker**

Huiting Sun

11:00

Wednesday 3 September

09:00

Talks

Session | **Location:** Collingwood College, Durham DH1 3LT, United Kingdom

09:00–09:30

Neutral and Charged Current SIDIS at NNLO

Speaker

Leonardo Bonino

10:00

09:30–10:00

TBD

Speaker

Francesco Merlotti

10:30

Talks

Session | **Location:** Collingwood College, Durham DH1 3LT, United Kingdom

10:30–11:00

Polarisation, quo vadis?

Speaker

Markus Löchner

11:30

11:00–11:30

TBD

Speaker

Peter Meininger
