

Session Program

15-17 Jul 2026

**Quantum Metrology and Fundamental
Physics - University Tübingen, Germany**

Wednesday Afternoon 1

Wednesday 15 July

14:00

Wednesday Afternoon 1

Session

14:00–14:45

Local precision limits in quantum metrology under unitary driving

Speaker

Takanao Ishii

14:45–15:30

Experimental considerations in searches for new physics with cold atoms

Speaker

Matthew Jones

15:30
