

## **Session Program**

**Aug 21 - 25, 2007**

## **Cosmo 07**

### ***Plenaries Thursday***

University of Sussex  
Department of Physics & Astronomy University of Sussex Falmer BRIGHTON BN1 9QH England

# Thu, August 23

9:15 AM

## Plenaries Thursday

**Session** |

**Location:** University of Sussex, Chichester Lecture Theatre, Department of Physics & Astronomy University of Sussex Falmer BRIGHTON BN1 9QH England

### 09:15 - 09:55 Electroweak baryogenesis

**Speaker**

Dr Stephan Huber

**Location**

University of Sussex, Chichester Lecture Theatre, Department of Physics & Astronomy University of Sussex Falmer BRIGHTON BN1 9QH England

### 09:55 - 10:35 Leptogenesis and low energy neutrino physics

**Speaker**

Dr Silvia Pascoli

**Location**

University of Sussex, Chichester Lecture Theatre, Department of Physics & Astronomy University of Sussex Falmer BRIGHTON BN1 9QH England

### 10:35 - 11:10 Coffee break

### 11:10 - 11:50 Neutrino telescopes

**Speaker**

Dr Juergen Brunner

**Location**

University of Sussex, Chichester Lecture Theatre, Department of Physics & Astronomy University of Sussex Falmer BRIGHTON BN1 9QH England

### 11:50 - 12:30 Magnetic fields and gravitational waves

**Speaker**

Prof. Ruth Durrer

**Location**

University of Sussex, Chichester Lecture Theatre, Department of Physics & Astronomy University of Sussex Falmer BRIGHTON BN1 9QH England

12:30 PM
