

# New ideas in hadronization: Intersections between QCD, AdS/CFT and the QGP

## Thursday, 16 April 2009

**Heavy Ions II - OC218 (14:00 - 16:00)**

time	[id]	title	presenter
14:00	[5]	Hard probes for a strongly coupled QCD plasma from AdS/CFT	EDMOND IANCU
15:00	[6]	RHIC data meet theory: What did work, what did not, what should work	WILLIAM ZAJC
