

# **2011 IPMU-YITP School and Workshop on Monte Carlo Tools for LHC**

**Monday 5 September 2011 - Saturday 10 September 2011**

**Yukawa Institute for Theoretical Physics (YITP)**

## **Scientific Programme**

The School will provide a four day course of training in the physics and techniques used in modern Monte Carlo event generators via a series of lectures and practical sessions. The school is aimed at advanced doctoral students and young postdocs. It will be followed by a two day mini-workshop on the latest developments in event generators and their applications at LHC.
