

Session Program

24-26 Sept 2012

**Workshop on electroweak corrections for LHC
physics**

Theory II

IPPP Durham

Monday 24 September

15:45

Theory II

Session | Location: IPPP Durham

15:45-16:45

W boson properties and EW and QCD corrections to Drell Yan in the Powheg Box (45'+15')

Speaker

F Piccinini

16:45-17:15

QED corrections in Monte Carlo tools (25'+5')

Speaker

M Schoenherr

17:30
