

# Shaping UV Physics Beyond the Standard Model

## Tuesday, 14 July 2015

**::: Steve Abel: on mediation of scale breaking - OC 218 (09:30 - 10:15)**

time	[id] title	presenter
09:30	[8] Steve Abel: on mediation of scale breaking	

**::: Stephan Huber: UV scale invariance: challenges in cosmology - OC 218 (10:15 - 11:00)**

time	[id] title	presenter
10:15	[7] Stephan Huber: UV scale invariance: challenges in cosmology	

**::: Alberto Mariotti: UV symmetries for neutral naturalness - OC 218 (11:30 - 12:15)**

time	[id] title	presenter
11:30	[10] Alberto Mariotti: UV symmetries for neutral naturalness	

**::: Roberto Percacci: Towards asymptotic safety of gravity - OC 218 (12:15 - 13:00)**

time	[id] title	presenter
12:15	[9] Roberto Percacci: Towards asymptotic safety of gravity	

**::: Francesco Sannino - OC 218 (14:00 - 15:30)**

time	[id] title	presenter
14:00	[11] Francesco Sannino: UV conformality and pheno implications	

**::: Carlos Nunez: Aspects of Gauge-Strings Duality - OC 218 (16:00 - 17:30)**

time	[id] title	presenter
16:00	[12] Carlos Nunez: Aspects of Gauge-Strings Duality
