

Session Program

20-22 Apr 2016

Heavy Flavour Production at the LHC

PDF issues II

IPPP, Oc 218

Wednesday 20 April

11:40

PDF issues II

Session | **Location:** IPPP, Oc 218

11:40–12:05

bbH and 4/5 flavour

Speaker

Maria Ubiali

12:05–12:30

Anatomy of heavy-quark initiated processes: implications for LHC simulations

Speaker

fabio maltoni

12:30–12:55

4 and 5 flavour treatment in Sherpa

Speaker

Mr Davide Napoletano

13:00
