

Session Program

13-15 Apr 2016

Axion-like particles: Theory and Experiment

Experimental session 2

IPPP Durham, OC218
Durham DH1 3LE UK

Thursday 14 April

14:00

Experimental session 2

Session | **Location:** IPPP Durham, OC218, Durham DH1 3LE UK | **Convener:** Dr Ed Daw

14:00-14:45 **SHiP experimental proposal**

Speaker

Dr Mario Campanelli

14:45-15:30 **ALPs at neutrino experiments**

Speaker

Dr Teppei Katori

15:30-16:00 **Tea and coffee**

16:00-16:30 **HSP/axion limits from accelerator-based light sources**

Speaker

Dr Pete Williams

16:30-17:00 **The CASCADE microwave LSW experiment**

Speaker

Mr Nathan Woollett

17:00-17:30 **Photonic lattices for HSP/ALPS searches**

Speaker

Dr Ian Bailey

17:30
