## Finite temperature lattice QCD review

*Wednesday 3 August 2016 11:05 (45 minutes)*

I will review recent numerical results as well as new ideas and approaches to finite temperature lattice QCD at zero chemical potential.

**Author:** NOGRADI, Daniel (Eotvos University)

**Presenter:** NOGRADI, Daniel (Eotvos University)

**Session Classification:** Wednesday AM

**Track Classification:** Bulk properties of the quark-gluon plasma
