

UK HEP Forum: Into the Unknown with LHC13

Report of Contributions

Contribution ID: **0**

Type: **not specified**

Welcome

Thursday, November 3, 2016 10:00 AM (15 minutes)

Presenter: WARK, David

Contribution ID: 1

Type: **not specified**

Where Do We Come From? What Are We? Where Are We Going?

Thursday, November 3, 2016 10:15 AM (35 minutes)

Presenter: MARCH-RUSSELL, John

Contribution ID: 2

Type: **not specified**

Searches for long-lived particles

Thursday, November 3, 2016 11:00 AM (35 minutes)

Presenter: TOMALIN, Ian

Contribution ID: 3

Type: **not specified**

Interplay between collider and direct dark matter searches

Thursday, November 3, 2016 11:45 AM (35 minutes)

Presenter: KHOZE, Valentin V

Contribution ID: 4

Type: **not specified**

Update on Higgs physics

Thursday, November 3, 2016 2:45 PM (35 minutes)

Presenter: MURRAY, Bill

Contribution ID: 5

Type: **not specified**

X(750) leassons learnt

Thursday, November 3, 2016 3:30 PM (35 minutes)

Presenter: SANZ, Veronica

Contribution ID: 6

Type: **not specified**

Multi-vector-boson physics

Thursday, November 3, 2016 2:00 PM (35 minutes)

Presenter: OH, Alexander

Contribution ID: **8**

Type: **not specified**

Top Physics

Thursday, November 3, 2016 4:45 PM (35 minutes)

Presenter: SUAREZ, Rebeca

Contribution ID: 9

Type: **not specified**

Photon-photon physics

Thursday, November 3, 2016 5:30 PM (35 minutes)

Presenter: HARLAND-LANG, Lucian

Contribution ID: **10**

Type: **not specified**

Dinner

Contribution ID: 11

Type: **not specified**

Interference effects, precision LHC physics

Friday, November 4, 2016 9:00 AM (35 minutes)

Presenter: CAOLA, Fabrizio (CERN)

Contribution ID: 12

Type: **not specified**

Analysing SM processes for signal of new physics

Friday, November 4, 2016 9:45 AM (35 minutes)

Presenter: BUTTERWORTH, Jonathan (UCL)

Contribution ID: 13

Type: **not specified**

Anomalies in flavour physics

Friday, November 4, 2016 11:00 AM (35 minutes)

Presenter: BLAKE, Thomas

Contribution ID: 14

Type: **not specified**

Multiquark states

Friday, November 4, 2016 11:45 AM (35 minutes)

Presenter: KARLINER, Marek

Contribution ID: 15

Type: **not specified**

Heavy-ion physics

Friday, November 4, 2016 2:00 PM (35 minutes)

Presenter: VILLALOBOS BAILLIE, Orlando

Contribution ID: 16

Type: **not specified**

Searches for black holes, sphalerons and magnetic monopoles

Friday, November 4, 2016 2:45 PM (35 minutes)

Presenter: MAVROMATOS, Nick

Contribution ID: 17

Type: **not specified**

Poster Prize and Farewell

Friday, November 4, 2016 3:30 PM (5 minutes)
