

UK Flavour 2017

Durham, 4th - 6th September 2017

The aim of this workshop is to bring together UK experts in flavour physics working in experiment, phenomenology and lattice QCD to discuss the status and prospects of the field in light of recent experimental results.

<http://conference.ippp.dur.ac.uk/event/573/>

Sessions:

- 1 Spectroscopy
- 2 Exotics
- 3 Kaon Physics
- 4 Charm Physics
- 5 Rare B-decays
- 6 Semileptonic B-decays
- 7 Lifetimes and Mixing
- 8 Hadronic B-decays
- 9 BSM and future developments
- 10 CKMfits/FLAG

Organising Committee:

- Greig Cowan (Edinburgh)
- Tim Gershon (Warwick)
- Sebastian Jaeger (Sussex)
- Andreas Juettner (Southampton)
- Alexander Lenz (Durham)
- Matthew Wingate (Cambridge)
