

Session Program

22-24 May 2017

HEFT 2017

Electroweak physics

Lumley Castle

Wednesday 24 May

10:45

Electroweak physics

Session | Location: Lumley Castle

10:45-11:15 **EW precision data and Higgs physics**

Speaker

Ayres Freitas

11:15-11:45 **1-loop corrections to Z decays in the SMEFT**

Speaker

William SHEPHERD

11:45-12:15 **On the non-minimal character of SMEFT**

Speaker

Yun JIANG

12:15
