

ECFA Linear Collider Workshop

Friday, 3 September 2004

Higgs Physics - Joint session with Loopverein - PH--30 (09:00 - 10:25)

time	[id] title	presenter
09:00	[65] Review on radiative corrections to SM Higgs production and new results on double Higgs production in WW fusion	YOSHIAKI YASUI
09:35	[66] High-Precision Predictions for the MSSM Higgs Sector at $O(\alpha_b \alpha_s)$	HEIDI RZEHAKE
09:55	[67] Determination of the basic Higgs-boson couplings from combined analysis of WW/ZZ decays at LHC, LC and Photon Collider	A. FILIP ZARNECKI
10:15	[68] Launch of international exp. study on hhh production	PIERRE LUTZ
