

YETI 2019 - To Infinity and Beyond: New Techniques for New Physics

Tuesday 08 January 2019

Student talks (11:30-12:30)

time	[id] title	presenter
11:30	[18] Photon colliders for the future of fundamental physics	LIU, Jesse
11:45	[19] Machine Learning in $D0 \rightarrow K_S^0 \pi^+ \pi^-$ at LHCb	HILTON, Martha
12:00	[20] Analytical amplitudes from BlackHat	DE LAURENTIS, Giuseppe
12:15	[21] Event-level classification of Electroweak SUSY events using ML techniques at the ATLAS experiment	SULLIVAN, Matthew
