

IPPP topical meeting on physics with high-brightness stored muon beams

Wednesday, 10 February 2021

Neutrino Physics (15:30 - 17:30)

time	[id] title	presenter
15:30	[9] Ab-initio nuclear calculations for neutrino-nucleus cross sections	Dr LOVATO, Alessandro
16:00	[10] Neutrino measurements on Argon: MicroBooNE and ArgoNeut	Dr DUFFY, Kirsty
16:30	[11] Assessing the accuracy of the GENIE event generator with electron-scattering data	Dr ANKOWSKI, Artur
17:00	[12] Neutrino measurements in NoVA	Dr CREMONESI, Linda
